Take to the skies for an unforgettable helicopter scenic flight and experience the incredible landscapes of the Okavango Delta...

You will also have the opportunity to view wildlife in their glory and natural habitat from the magic and unique perspective of a helicopter. Three or four seater helicopters are available and their doors are removed for unrestricted photo and video opportunities.

For keen photography enthusiasts, early morning or late afternoon flights can be arranged to capture the best light, alternatively flights can be offered outside activity time so as not to interfere with your camp activities.

It is not our policy to upset any of the animals in any way during the flights and pilots are sensitive to keep their distance when needed.
