

Little Moru

Overview

Small, west-facing and tucked into the magnificent Nyaruboro area of south-central Serengeti National Park. This is a seasonal camp, operating only during Tanzania's peak season to add an intimate and affordable option to our busier, nearby Naona Moru Camp.

This traditional safari style accommodation is modelled on our mobile migration camps' design to offer a low-level environmental footprint.

As with all our properties, hosted by 100% Tanzanian teams providing traditional and contemporary menus, warm beds and steaming bucket showers.
