

Mandhari Lodge

Overview

Aligned with the soaring flamingos, Mandhari Lodge is situated on the Manyara Escarpment which forms part of the Great Rift Valley System. 'Mandhari' translates to view, scenery, landscape in the Swahili language and in response the expansive views from Lake Natron to Monduli Mountains and across Lake Manyara National Park.

Swaddled in the colours of the earth and the blue skies above, the lodge was built using all Tanzanian materials by Tanzanian craftsmen.
